

Certificate of Appropriateness Application Overview

1. Purpose

The intent of the Certificate of Appropriateness (COA) is to insure that the integrity and character of McKinney's landmarks and Historic Districts are maintained. By maintaining the historic character, we maintain the historic character of the district, as well as home values.

2. Criteria for Approval

The primary instrument that the City of McKinney uses to determine whether an intended action is appropriate or inappropriate is the Secretary of the Interior's Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings: <https://www.nps.gov/tps/standards/rehabilitation/rehab/stand.htm>
<https://www.nps.gov/tps/standards/rehabilitation/rehab/guide.htm>

3. Pre-Application Meetings

All applicants are encouraged to schedule a pre-application meeting with the Historic Preservation Officer prior to an application being submitted. Minor maintenance projects can often be approved at this meeting. Pre-application meetings can be scheduled by calling Guy Giersch @ 972.547.7416 or Terri Ramey @ 972.547.7417.

4. Site Plans, Floor Plans, and Elevation Drawings

All COA applications require at least one of the following: a detailed, accurate site plan or survey, elevation drawings, and floor plan drawings. Staff strongly encourages applicants to retain the services of a design professional to prepare the required drawings as they generally need to be to scale and have dimensions. The City is unable to accept site plans, surveys, floor plans, or elevations that are incomplete, illegible, unclear, or do not meet the criteria listed on the Application Checklist. Such determinations are made at the discretion of the City.

5. Other programs available

Not all projects require an approved COA; however, your project could qualify for tax exemptions, refund of impact fees, etc. Please check with the Historic Preservation Officer for more information.
