

## CITY OF MCKINNEY DEVELOPMENT SERVICES DIVISION

### BUILDING INSPECTION DEPARTMENT

#### **NOTICE OF IMPORTANCE/PROCEDURAL CHANGE - H.B. No. 2439**

**Relating to certain regulations adopted by governmental entities for the building products, materials, or methods used in the construction or renovation of residential or commercial buildings.**

In order for the City of McKinney to ensure that the provisions of HB 2489 are met, the applicant will need to provide verification that -

*(1) the building product or material is approved for installation and use by a national model code published within the last three code cycles that applies to the construction, renovation, maintenance, or other alteration of the building; or*  
*(2) the standard for a building product, material, or aesthetic method is approved under a national model code published within the last three code cycles that applies to the construction, renovation, maintenance, or other alteration of the building.*

This verification is to be submitted as follows –

1. The building product material and/or the standard for the building product, material or aesthetic method must be identified by providing an ICC-ES Evaluation Report or a Referenced Standard in the adopted Model Code.
2. The ICC-ES Report or Referenced Standard must be provided with the construction drawings as a separate plan page.
