

CITY OF MCKINNEY
ENGINEERING DEPARTMENT
CONSTRUCTION INSPECTIONS
**DESIGN & PRODUCT
SUBMITTALS**

1. The Contractor shall provide shop drawings and product submittals in sufficient detail to ensure compliance with all technical specifications and requirements. Submittal of this documentation verifies that the Contractor has determined and verified all materials, field measurements, and field construction criteria related thereto, and that Contractor has checked and coordinated the information contained within such submittals with the requirements of the work and of the contract documents.
2. Review by the City is only for general conformance with the requirements of the contract documents, the Contractor shall not be relieved of responsibility for any deviation from the requirements of the contract documents by the Engineer's approval of shop drawings, product data or samples unless the Contractor has specifically informed the City in writing of such deviation at the time of submission and the City has given written approval to the specific deviation.
3. The Contractor shall provide submittals with reasonable promptness and in such sequence as to cause no delay in the work. The Contractor shall be responsible for delays caused by rejection of the submittal of inadequate or incorrect information.
4. Any request for change to the approved project design, or the materials specified therein, must be submitted for approval by the engineer of record to City of McKinney development review engineering group, and be approved prior to implementation. The City of McKinney reserves the right to approve any items submitted as an "or equal".
